CLCP Features - Sell Value

Cool Dry Quiet [CDQ] Humidity Control System

Humidity control 24/7, 365 days per year-1000-25000 cfm

CDQ can lower the indoor humidity & improve IAQ

5 - 15 F (3- 8°C) lower dew point than cooling coil [CW & DX]

Reduce energy cost of dehumidification

20%- 80% reduction in reheat and cooling energy
